Description

Description

Looking for a residential zero-turn mower with commercial features and performance? You've found it in the new Quest X-Series. The powerful Kohler engine, upgraded 48-inch UltraCut Series 3 cutting deck and heavy-duty Hydro-Gear transmission enable Quest X-Series to cut at up to 8 mph. When combined with the incredible maneuverability of the low center of gravity frame design and the smooth rolling of the large drive and caster tires, Quest X-Series offers an unbeatable combination of performance and value.

A new armrest-equipped operator seat provides a smooth ride over bumpy lawns, while a deeper floor pan offers increased legroom for the operator. A standard deck step is included to ease mounting and dismounting the machine, while an integrated hitch and tools-free belt shields ease access for service and maintenance. However, with just two annual grease points and low-maintenance integrated hydro transmissions, servicing the Quest X-Series isn't something you'll need to do often. That's more time for you to do the things you love.

Features

UltraCut Series 3 Cutting Deck

Our 5-inch deep UltraCut Series 3 cutting deck features fabricated and welded construction, with heavy-duty maintenance-free sealed bearing cutter housings. Our exclusive flow-control baffles deliver Exmark's signature cut quality.

Commercial-Grade Tires

Aggressive 22-inch drive tires provide superior traction and a smooth ride when combined with the large 13x6.5-inch caster tires.

Engine Protection

The rear of the Quest X-Series model is protected by a steel guard which provides increased protection for vital engine components.

Integrated Hydro Transmission

The upgraded Hydro-Gear transmissions feature an integrated design, which reduces maintenance and increases reliability, while providing forward speeds of up to 8 mph.

Upgraded Operator Seat

The contoured operator seat features deep padding and standard armrests. When combined with the deeper floor pan, which provides more legroom, the Quest X-Series keeps you comfortable while mowing.

Specs

- Width / Cutting Deck - 48"
- Deck Style - Floating Deck
- Deck Style Description - Full-floating UltraCut Series 3. Side discharge standard, with molded discharge chute and option to bag or mulch.
- Deck Construction - 10-gauge high strength alloy top that is formed and continuously seam welded, with 7-gauge side skirt.
- Blade Tip Speed - Approximately 18,500 fpm.
- Cutting Heights - 1.5" (3.8 cm) to 4.5" (11.4 cm) in 0.50" (1.3 cm) increments, adjustable from operator's seat.
- Blades - 3 Blades at 16.25" Length
- Engine Brand - Kohler
- Engine Model - KT735
- Engine Displacement - 735
- Engine Series - 7000 Series
- Fuel System - Carbureted
- Engine Speed - 3,600 rpm
- Air Filter - Standard Engine Manufacturer's air filter
- Fuel Type - Gas Carbureted
- Fuel Capacity - 3-gallon (11.0-L), single fuel tank with single fill locations
- Fuel Indicator - Translucent Visual
