Description

OVERVIEW

Husqvarna's 300 Series of riding lawn mowers are designed for homeowners and landowners who need an efficient machine for every season of the year. The most comfortable garden tractors in their class, each model of the 300 Series is designed to ensure you cut in total comfort. Driven by powerful engines, 300 Series mowers are ready to take on the most demanding tasks, from lawn care to towing accessories. Plus, thanks to a ground-engaging transmission with electronic differential lock, slopes and slippery conditions are no problem. With a 300 Series riding mower, you'll be ready to get the job done, season after season.
