Description

POWER AND PRECISION FOR THE BIGGER CHALLENGES
The XT2 Enduro Series delivers even higher levels of power, control and durability. The XT2 tackles more challenging terrain and takes on the conditions that demand more power while supporting a host of attachments for true year-round versatility. This step up in strength and comfort is exclusively available at Independent Cub Cadet Dealers nationwide.

NEW V-TWIN EFI ENGINE
The only tractor with benefits of electronic fuel injected engines. The new Cub Cadet 679cc twin EFI engine available on the XT2 LX 42 packs high-performance power. Not to mention reduced maintenance and up to 25% less fuel consumption.

INCREASED CONVENIENCE
Convenient features like keyless engine and Cub Connect™ BluetoothRegistered Maintenance Monitoring are available on select XT2 models.

DIFF-LOCK
Foot-controlled traction control differential lock for all weather conditions and cutting terrains available on select XT2 tractors. Built to last with Tuff-Torq K62 Hydrostatic transmission featuring steel gears.
XT2 SLX54"
